# HOLIDAY MINI CATALOG

SEPTEMBER 1, 2010–JANUARY 3, 2011

dear friends,

As I browse through the pages of this mini, I don't know where to begin—I'm thrilled with almost everything! The holidays are a fun time of year anyway, and the products in this mini just make me more excited to start celebrating!

It starts with Halloween products, from sets and Designer Series paper to designer jewels and lace trim. Then we move into products with an autumn flavor—changing leaves, crisp air, the focus on gratitude and thanksgiving.

And then we have Christmas, my favorite holiday of all, for so many reasons!

I'm also excited about the diversity of products. First and foremost, we have a fabulous selection of stamps; as always our illustrators have created wonderful images to choose from!

And oh my goodness—we've got fabric! You've requested it for years, and we're excited to finally offer it. We have two different styles, and although we're presenting them as holiday patterns, I can promise you I'll be using Deck the Halls all year long! And the coordinating Designer Series paper? Love it!

And then? Look at the glass glitter and tinsel trim and Simply Adorned baubles. . . be still my heart! Check out the Design-a-House—wouldn't that make a fun project for a girls' night out! And this is the first time you've seen the Letterpress Plates . . . everyone is definitely going to love those! And these things are just the tip of the iceberg; I simply can't call out everything!

Suffice it to say that the coming months are going to be fantastic! Happy Holidays!

<b>120982</b>	Northern Trim	<b>\$5.95</b>

1

Ink Letterpress Plate using Craft Spots (IB&C 166–169) or Uninked Craft pad (shown above—filled with your color choice). Apply ink directly on plate using pad or ink and a brayer (IB&C 195). Tip: To ink multiple colors, use Spots to reach areas more easily.

2

Layer your Letterpress Plate with card stock of your choice using multipurpose platform and standard cutting pad (IB&C 204). Tip: More porous paper, like our watercolor paper (IB&C 170), creates a deeper impression.

3

Run your "sandwich" through the Big Shot machine (IB&C 204). Enjoy your letterpress look!

We're good  
together.
