CARD TUTORIAL:

- Cut, score and fold the Basic White card base.
 - Adhere the DSP layer to the card front about 1/2" from the left edge.
 - Use the largest Everyday Details rectangle to die cut a Basic White stitched rectangle.
 - Use a needle threader to thread the Flirty Flamingo Baker's Twine through the eye of the needle.
 - Using Flirty Flamingo Baker's Twine, begin a single stitch from the front through to the back of the Basic White stitched layer. Leave approximately a 3-1/2" end of Baker's Twine in the front of the layer, after stitching this will be used for a decorative bow as pictured.
 - Continue stitching clockwise around the Basic White layer finishing with the remaining Baker's Twine coming through the front side.
 - Tie a decorative bow with both ends of the Baker's Twine. Trim excess if needed.
 - Center and adhere the Flirty Flamingo stitched layer to the Basic White layer using Stampin' Dimensionals.
 - On Basic White scrap, stamp the sentiment in Early Espresso. Then, use Memento Black to stamp the lion and shooting star. Color the images using Stampin' Blends.
 - Cut out the lion using scissors or the Little Dreamers Dies. Then, use scissors to trim around the sentiment and remove the tail from the shooting star.
 - Adhere the smaller star over the lion's star using a Stampin' Dimensional.
 - Determine placement and adhere the sentiment and lion to the stitched layer.
- TIP: For added dimension, use Stampin' Dimensionals behind the stars and the lion's head. Then, use liquid adhesive for the lion's body.**
- Center and adhere the layered cardstock to the card front.
 - Inside the card, adhere a strip of DSP along the bottom edge of the right side.
 - For a matching envelope, adhere a 6" x 2-1/2" piece of DSP to the flap. Then, trim excess.
